BLAS CALDERON T.

FRONTEND DEVELOPER

Professional systems engineer in training and frontend developer.
Four (4) words define me. Learn, Technology, Responsible, Friendly. I like to be in constant learning and to be updated in the technologies that I use, technology has always caught my attention, since I was very young it has been a great passion, I like to be committed and responsible with the tasks that are entrusted to me and achieve the goals effectively and efficiently, I consider myself a person who adapts to teamwork and who likes to give his contribution, opinion and add to a work team
